

JAYZIR MARTINEZ CHAMORRO

Junior Developer at Riwi (in training) | Professional in Mechatronics engineering
Barranquilla, Colombia | Phone: +57 3008837541 | jayzirsneider18@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL PROFILE

Mechatronics Engineering and Software Development professional with a strong quantitative background focused on Data Analytics, data processing, and strategic visualization. Extensive hands-on experience across the end-to-end data lifecycle (ETL): extracting, cleaning, transforming, and conducting exploratory data analysis (EDA) using Python (Pandas, NumPy, Matplotlib, Seaborn) and advanced SQL queries (PostgreSQL, MySQL). Skilled in building dynamic reports and interactive dashboards in Power BI to uncover key metrics, patterns, and trends. Proven ability to translate complex datasets into actionable business insights to drive data-informed decision-making.

TECHNICAL SKILLS

- Data Processing & Analytics: Python (Pandas, NumPy), Exploratory Data Analysis (EDA), Data Cleaning & Normalization, ETL Pipelines.
- Databases: SQL, PostgreSQL, MySQL, Relational Schema Design, Advanced Querying & Aggregations.
- Data Visualization: Power BI (Interactive Dashboards), Matplotlib, Seaborn.
- Development & Architecture: JavaScript, REST API Integration, SPA Architecture, HTML5, CSS3/SASS.
- Version Control & Collaboration: Git, GitHub, Azure DevOps, Jira.

SOFT SKILLS

- **Analytical Thinking & Problem-Solving:** Ability to break down complex issues, identify data patterns, and implement logical, efficiency-driven solutions.
- **Critical Thinking & Data Curiosity:** Aptitude for questioning assumptions, ensuring data integrity, and extracting meaningful insights.
- **Effective Communication & Data Storytelling:** Skill in translating technical and quantitative analyses into clear business insights for diverse stakeholders.
- **Attention to Detail:** Precision in data cleaning, validation, and structuring to guarantee high-quality, reliable outputs.
- **Teamwork & Collaboration:** Experienced in working within agile team environments, cross-functional collaboration, and effective project delivery.
- **Adaptability & Continuous Learning:** Quick to learn and adopt new tools, technologies, and evolving project frameworks.

EDUCATION

Ingeniería Mecatrónica, Universidad de Barranquilla, Barranquilla - Colombia
January 2019 – August 2024

LANGUAGES

Spanish: Native

English: Intermediate

RIWI PROJECTS

DATA-DRIVEN WEB APPLICATION / FULL-STACK DEVELOPER

RIWI – (May 2026 – July 2026)

Developed and deployed FaltaUno, a Single Page Application (SPA) designed to manage, organize, and analyze local sports matchup logistics. Built end-to-end data pipelines for match scheduling, user interactions, and operational metrics tracking.

Key Achievements / Learnings

- Implemented structured data normalization and transformation processes in Python (Pandas) to analyze scheduling conflicts and optimize user matching efficiency.
- Designed and integrated custom RESTful APIs with PostgreSQL to ensure efficient database querying, reliable state management, and real-time data distribution.

Tech stack: Python (Pandas), JavaScript, PostgreSQL, REST APIs, HTML5, CSS3/SASS

Tools: Git, GitHub, Jira, Postman, Visual Studio Code

PROFESSIONAL EXPERIENCE

LAST-MILE LOGISTICS & DATA OPERATIONS SPECIALIST

clicOH – (October 2023 – February 2026)

Responsible for last-mile logistics and operations across the Barranquilla metropolitan area for MercadoLibre deliveries. Focused on route optimization, delivery performance tracking, and field data reporting to maximize operational efficiency and customer satisfaction metrics.

Key Achievements / Learnings

- Analyzed and optimized daily delivery routes and timing metrics, improving last-mile execution and consistently meeting key delivery performance indicators (KPIs).
- Generated structured operational reports using digital reporting tools, ensuring data integrity for shipment tracking, issue logging, and regional logistics analysis.

Tools: Digital Logistics Apps, Excel, Google Sheets
